WHAT IS LURE COURSING?

Lure Coursing is a performance event developed as a sport that would recreate the physical requirements of open field coursing and allow owners to test the abilities of their dogs. Dogs chase plastic bags along a course laid out to simulate escaping game.

Many dogs love the thrill of the chase. It doesn't matter if your dog is a Chihuahua, Great Dane or a mix of anything in between – if they love to chase, they will LOVE Lure Coursing! If you think they won't – you may be very surprised when your dog goes nuts for the lure!

Racing across a field free as the wind in the quest of an artificial lure, it doesn't get any better than that!

Come join us for this fun event!
